Assessment Guidance Level 3 BTEC National IT Unit 2 for 1906

The question paper and templates for the 1906 IT Unit 2 assessment are now available for you to download and copy into students' exam accounts, so that they are ready for candidates on the 13th of May.

This material has been released so that the necessary setup can be completed before the supervised window starts (13th of May – 17th of May). This material is **NOT** to be shared with candidates before the assessment window opens on the 13th of May.

The question paper, data file and templates are not to be copied into the students' usual network accounts. Students need to have exam accounts created for them for this assessment that they can only access whilst completing this supervised assessment.

The exam materials can be printed as hardcopies and given to candidates at the beginning of the supervised window. Any hardcopies of the exam materials need to be kept securely when not being used by candidates.

Please **Do Not** look at, edit, manipulate or use the data set in any way prior to candidates sitting the assessment or during the assessment window.

Please **Do Not** look at, edit or manipulate the templates in any way prior to or during the assessment window.

Please **Do Not** look at, edit or manipulate the examination paper in any way prior to or during the assessment window.

Revision sessions can take place within the assessment window though cannot be based on the live data or live assessment.

For more specific guidance on how to conduct the assessment please refer to the Admin Support Guide which can be found **here** and the ICEA document: here.
